EHH/ESG-CV Monitorings

- In 2022, monitorings for EHH 2021-2022 and for ESG-CV will occur
- For agencies with both EHH and ESG-CV, a single monitoring will include both contracts
- DEHCR will be processing 5-6 monitorings every month from February to August
- Materials must be organized and submitted on time
- Financial documentation must be clearly labeled
- Client file documentation should be in the order of the DEHCR client file checklist
- Only provide documentation that is requested; do not include additional information

ESG-CV 2020-2022

- Current contracts end April 30, 2022
- DEHCR will grant contract extensions up to June 30, 2022, if needed
- **Grantees must request an extension by the end of March 2022 to receive one**
- Initial reallocation of ESG-CV funding will occur in early March; funding levels will be reviewed every month and grantee awards will be adjusted as needed

EHH 2022-2023

- Applications will be released in the coming weeks; format will be similar to last year

ESG/ESG-CV Office Hours

- March will be the last month with three separate meetings
- Starting in April 2022, the office hours will only be held on the first Monday of the month; the meeting will be recorded and posted to the DOA website

Brief Updates

- Thank you everyone for the invitations to your coalition meetings; they were very helpful to attend. Going forward, we will decrease our attendance and aim for at least one meeting a year. If there is a specific meeting you would like us to attend, please let us know
- The 2021 CAPER is coming up
 - The performance period is April 1, 2021 – March 31, 2022
 - All projects that received any ESG funding in that time period will need to have a CAPER report uploaded into SAGE; this does NOT include ESG-CV funding
 - Specific instructions will be released in the coming weeks
