When verifying that the heat is included in rent or separate payment to landlord, workers shall verify with the landlord or vendor what the primary heating type is for that dwelling and include that verification in notes.

Do you give priority in eligibility to:			
Older adults?	$\boxtimes$	Yes	No
If you describe			

If yes, describe:

Priority in eligibility to elderly, disabled and households with young children, please see section. 8.2.3

Outreach

- 1) Agencies are required to provide outreach services to maximize participation of eligible persons for WHEAP benefits. Outreach activities must target households with disabled persons, elderly persons, children under six years old, and persons working at low-wage jobs (working poor). The "outreach indicator" is a question on the paper and system application. See Section 3.4.4 for more information about the outreach indicator.
- 2) Agencies are required to prominently display the Home Energy Plus Weatherization/WHEAP Co-Branding Poster in the agency's main waiting area for WHEAP intake if in-person intake is available. WHEAP agencies are encouraged to also consider displaying the poster in intake workers' offices, outreach locations, and other appropriate areas. Agencies may choose to develop and display their own WHEAP posters provided they contact the HE+ logo and the county/tribe specific Co-Branding logo.
- 3) Agencies are encouraged to play the Home Energy Plus Weatherization/WHEAP video(s)\* in agencies' main customer service waiting areas. Agencies shall make the Home Energy Plus video(s) accessible via electronic media such as Facebook, Twitter and/or the agency website, if feasible.
- 4) Agencies shall reference and provide the Online Application link (energybenefit.wi.gov) via electronic media such as Facebook, Twitter, and/or the agency website, if feasible.
- 5) Agencies are required to ensure that persons with limited English proficiency (LEP) have meaningful and equal access to benefits and services. The agency is required to provide spoken interpretation in addition to translated written publications as some individuals may not read English or other language. The agency must have a mechanism to communicate orally with people with LEP. Providing the Spanish version of the Home Energy Plus (HE+) Application is not fulfilling this policy requirement. If the applicant requires spoken communication and/or explanation in addition to the translated application, agencies shall ensure verbal interpretation is available.
- 6) Agencies are required to provide services to the disabled and impaired, including but not limited to assisting applicants with the completion of the application form, translation of material, interpretation services for deaf, and reading services for blind.
- 7) Agencies must establish HE+ application methods that are accessible to targeted households and process submitted Online Applications within a reasonable time.
- 8) Agencies must comply with Federal Law and provide an alternate intake method separate from a site which administers W-2/TANF. All agencies are compliant due to the implementation of Online Applications.
- 9) Agencies must provide assistance with the preparation and submittal of applications by persons who are homebound.
- 10) Agencies must arrange an early application period for persons in targeted groups and high-risk households.
- 11) Agencies are required to complete a Program Operations and Community Service Plan (POCS) Plan. The Division provided template is available on the HE+ Training & Technical Assistance website under WHEAP>Forms. Each agency is required to review their current Plan and update the date reviewed section on the Plan before the start of each program year. The goal of this plan is to provide agencies with a means to describe how the agency will conduct outreach, how they will identify and enroll eligible households in their communities and explain how the agency will reach targeted households. The POCS Plan should indicate what other community resources/stakeholders play a role in this outreach effort and identify key stakeholders that the agency coordinates efforts/referrals with. In addition, the list should indicate the local agency's contact person and the resource services provided. The plan must be made available to the Division upon request.
- 12) Agencies may establish interagency agreements with other low-income program offices to perform some of the outreach activities to targeted groups.
- \*The Home Energy Plus videos are on the Home Energy Plus Training and Technical Website (HE+ TTA) under Administration > HE+ Videos.

$\boxtimes$	Separate component.					
	Benefit Fast Track, no separate amo	unt of crisis funds is iss	ued. Rather, benefits a	re issued to crisis		
	customers within crisis response tim	e frames.				
	Other - Describe:					
4.9 If you have a separate component, how do you determine crisis assistance benefits?						
	Amount to resolve the crisis.	\$				
$\boxtimes$	Other - Describe:					
Section 4	.2.1.2: Agencies shall work with custon	ners to determine the a	amount needed to pre	vent and/or restore		
	y loss. The maximum amount allowed f					

(when applicable). The maximum amount allowed for deliverable fuel requests is the minimum fill plus trip charge (when applicable). The maximum amount for natural gas and electric requests is the utility's required amount to prevent a disconnection and/or restore services. The worker should document, in HE+ System Notes, the requirement for each crisis request. If an exception is needed to these maximum amounts, contact the HE+ Help Desk.

The Department of Administration (Wisconsin Home Energy Assistance Program) has contracted with the Keep Wisconsin Warm Fuel Fund and/or Heat for Heroes. Once the fuel fund has raised match funds, LIHEAP matched funds are awarded. These funds are another resource made available to local sub-grantees for eligible low-income customers.

Section 2.2.2.3: A homeless applicant who has proof of a permanent address they will be moving into may be eligible for an energy assistance benefit if the following conditions are met:

- Verification of a move to a permanent address. This should be verified by a lease agreement, phone call to the landlord, or information from a homeless shelter.
  - The applicant must have selected a vendor to provide service in their new residence unless energy service is included in the rent or paid to the landlord in a separate payment.
  - If the homeless applicant cannot secure a home energy account due to large arrearages on a previous account, or does not have the money for a deposit, prevention services may be used to assist them with securing energy services.

Crisis Requirements, 2604(c)					
4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?

-	Do you have additional or differing eligibility policies for:					
Renters?						
Renters living in subsidized housing?   Image: Control of the subsidized housing?						
Renters with utilities included in the rent?						
Do you giv	ve priority in eligibility to:	· ·				
Older adu		$\boxtimes$	Yes		No	
Individuals	s with a disability?		Yes		No	
Young chi			Yes		No	
	ds with high energy burdens?		Yes		No	
	ibal Referrals		Yes		No	

If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.

Tribal referrals are given priority by Weatherization grantees.

Renters who receive rental assistance (Section 8 or other government assisted housing) and their heat and/or electric is included in their rent and renters who pay neither rent or heating/electric cost because of an in-kind rental agreement are not eligible for energy assistance or weatherization.

The State of Wisconsin requires outreach activities to target households with elderly, disabled or children under six years old and person working at low-wage jobs. Weatherization also targets high energy users, and our statewide computer system automatically refers tribal residents to our weatherization agencies.

	it Levels

made	e aware of all LIHEAP assistance available:				
$\times$	Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA,				
X	etc. Publish articles in local newspapers or broadcast media announcements.				
Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.					
$\boxtimes$	Mass mailing(s) to prior-year LIHEAP recipients				
X	Inform low-income applicants of the availability of all types of LIHEAP assistance at application intake for				
	other low-income programs.				
$\boxtimes$	Execute interagency agreements with other low-income program offices to perform outreach to target groups.				
$\boxtimes$	Web posting				
$\boxtimes$	Email				
$\boxtimes$	Texting				
$\boxtimes$	Events				
$\boxtimes$	Social Media				
$\boxtimes$	Other (specify): Gas Station TV (GSTV)				
provi	of the above questions require further explanation or clarification that could not be made in the fields ded, attach a document with said explanation here.				

Allocate funds specifically for the purpose of outreach to households with elderly, disabled, rural poor, and/or households with young children.

An early application period is utilized prior to the heating season. This process includes accepting applications during the summer for the following Federal Fiscal Year from targeted households. Automated Applications are processed during the early application period; agencies may also accept early Online Applications.

Accept applications for energy assistance at sites geographically accessible to all households in the area to be served. This includes setting up LIHEAP application sites for targeted households (contacting targeted persons or their representatives to ascertain convenient times and places, contacting community leaders to locate and serve application sites, providing information on alternate sites to organizations/programs likely to reach targeted persons, contacting targeted persons to arrange application appointments, transportation, etc.).

Provide information directly or by selective mailing to targeted applicants, e.g., assistance in understanding the application form, translation of material, interpretation services for deaf, reading for blind needed to complete their application.

Facilitate access to state weatherization programs targeted to LIHEAP eligible households and other energy-related services e.g., utility early identification and emergency intervention.

Agencies are required to provide outreach services to maximize participation of eligible persons in the Low-Income Home Energy Assistance Program. It is the responsibility of each agency to provide application sites accessible to the eligible population in the county/tribe, with particular attention to overcoming barriers for targeted households. Outreach customer benefits include taking applications, certifying application information, and processing applications at an alternate site.

#### Section 7 - Coordination, 2605(b)(4) - Assurance 4

U.S. Department of Health and Human Services Administration for Children and Families

#### LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN Section 7 – Coordination

Section 7: Coordination, 2605(b)(4) - Assurance 4

7.1 Describe how you will ensure that the LIHEAP program is coordinated with other programs available to low-income households (TANF, SSI, WAP, etc.).

Joint application for multiple programs

# Indicate programs included: Indicate programs included: Intake referrals to or from other programs – Weatherization, Economic Support Programs, Utility Programs

# Indicate programs included:

One-stop intake centers

Other - Describe:

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Wisconsin administers LIHEAP, DOE, Public Benefit weatherization programs and housing programs through the same state office, the Department of Administration, Division of Energy, Housing and Community Resources (DEHCR). LIHEAP is coordinated at the state level with income maintenance programs through agreements and data collection/sharing with the Department of Children and Families (DCF) and Department of Health Services (DHS). DCF operates the Temporary Assistance to Needy Families (TANF), W-2, including the jobs and welfare to work program as well as other assistance programs. DHS operates Medicaid, FoodShare (SNAP), and Aging and Disability Resource Centers.

State of Wisconsin Public Benefits funds are utilized to make non-heating payments to eligible recipients. Public Benefit funds are fully integrated into the Wisconsin Home Energy Assistance Program, WHEAP. LIHEAP funding may be used to sustain non-heating payments to eligible recipients.

Coordination between the state and local level is achieved by including representation from a variety of private and government agencies interested in energy services and/or services for low-income persons on the Low-Income Energy Advisory Committee (LIEAC). Wisconsin also utilizes a workgroup from the Wisconsin Home Energy Assistance Program (WHEAP) agencies to provide input on new policy and system related changes.

WHEAP agencies coordinate their programs with each other, with utility-operated programs and with other government and nonprofit programs operated within their service area. WHEAP Agencies are required to develop a local coordination plan annually to show what is being done to coordinate with weatherization agencies, fuel providers (utility and bulk fuels), and other local groups.

#### Section 9 - Energy Suppliers, 2605(b)(7) - Assurance 7

U.S. Department of Health and Human Services	August	August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01			
Administration for Children and Families			OMB Clearance	e No.: 0970-0075	
			Expiration [	Date: 02/28/2027	
LOW INCOME HOME ENERGY ASSI	STANCE PR	OGRAM (LIHE	AP) MODEL PLAN		
Section 9 -	– Energy Su	ppliers			
Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7					
9.1 Do you make payments directly to home energy suppliers?					
Heating	$\boxtimes$	Yes		No	
Cooling		Yes	$\boxtimes$	No	
Crisis	$\boxtimes$	Yes		No	
Are there exceptions?	$\boxtimes$	Yes		No	
If yes, Describe.					

For all of the items requiring policy references, please access the Wisconsin Home Energy Assistance Program (WHEAP) Manual at: <u>https://energyandhousing.wi.gov/Pages/AgencyResources/energy-assistance.aspx</u> and access the following sections:

- 1. Heating, please see sections 1.3.1, 7.1, 7.2, and 7.8
- 2. Crisis, please see sections 1.1.2, 4.2.1, and 7.2
- 3. Exceptions, please see sections 7.1, 7.3, and 7.4

# 9.2 How do you notify the client of the amount of assistance paid?

At the time the LIHEAP payment is sent to the vendor, a payment notification is generated and sent to the customer, indicating the amount of the payment and the vendor to whom the payment was made. When applications are completed interactively, customers are informed at the conclusion of the interview the benefit amount that will be paid to their energy provider. Additionally, each Wednesday, the Wisconsin system processes all completed applications and the system mails customer notification letters.

Households receiving weatherization and/or energy related repairs receive a written work agreement of work to be performed.

9.3 How do you assure that the home energy supplier will charge the eligible household in the normal billing process, the difference between the actual cost of the home energy, and the amount of the payment?

The Department of Administration requires vendors to register for participation in the heating assistance program by completing and signing a Vendor Agreement/Contract. To register, fuel suppliers agree that clients will be: treated equally with non-LIHEAP households, not be adversely affected, e.g., the eligible household will be charged in the supplier's normal billing process, the price charged will be the price normally charged non-LIHEAP eligible households, invoices will clearly indicate the amount and cost of home energy provided, and no discrimination will occur against eligible households with respect to terms, deferred payment plans, credit, conditions of sales or discounts offered other home energy customers.

In addition, Vendor Desktop Monitoring is conducted which includes a review of LIHEAP payments and fuel provided, in comparison with non-LIHEAP customers.

Crisis assistance payments are only made to vendors registered for heating assistance. In addition to signing assurances guaranteeing that LIHEAP customers will be treated equally with non-LIHEAP households and will not be adversely affected, registered vendors are required to provide information on costs and procedures for emergency fuel delivery.

Energy related home repair and weatherization purchases made by LIHEAP weatherization providers follow appropriate state or federal procurement guidelines and applicable material standards.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The Department of Administration requires vendors to register for participation in the heating assistance program by completing and signing a Vendor Agreement/Contract. To register, fuel suppliers agree that customers will be: treated equally with non-LIHEAP households, not be adversely affected, e.g., the eligible household will be charged in the supplier's normal billing process, the price charged will be the price normally charged non-LIHEAP eligible households, invoices will clearly indicate the amount and cost of home energy provided, and no discrimination will occur against eligible households with respect to terms, deferred payment plans, credit, conditions of sales or discounts offered other home energy customers.

In addition, Vendor Desktop Monitoring process is conducted which includes a review of LIHEAP payments and fuel provided, in comparison with non-LIHEAP customers.

Crisis assistance payments are only made to vendors registered for heating assistance. In addition to signing assurances guaranteeing that LIHEAP customers will be treated equally with non-LIHEAP households and will not be adversely affected, registered vendors are required to provide information on costs and procedures for emergency fuel delivery.

Energy related home repair and weatherization purchases made by LIHEAP weatherization providers follow appropriate state or federal procurement guidelines and applicable material standards.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the					
energy burdens of eligible households?					

No

⊠ Yes

If so, describe the measures unregulated vendors may take.

Unregulated vendors are subject to the same program operation policies as regulated vendors. All vendors must register with the Wisconsin Home Energy Assistance Program (WHEAP) by submitting a complete and signed vendor agreement/contract before any payments are made to the vendor. Vendor access to the Home Energy Plus System is limited and does not allow vendors to enter information into the system. Vendor payments are Home Energy Plus System generated and based on approved applications.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

#### Section 12 - Fair Hearings, 2605(b)(13) - Assurance 13

U.S. Department of Health and Human Services Administration for Children and Families August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01 OMB Clearance No.: 0970-0075 Expiration Date: 02/28/2027

# LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN

Section 12 – Fair Hearings

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grant recipient have in the prior federal Fiscal Year? 175

12.2 How many of those fair hearings resulted in the initial decision being reversed? Zero

12.3 Describe any policy or procedural changes made in the last federal Fiscal Year as a result of fair hearings?

12.4 Describe your fair hearing procedures for households whose applications are denied or not acted upon in a timely manner.

Households have 45 days from the date the application process was completed to file a fair hearing if they believe their application was incorrectly denied, the application received no action in the appropriate timeframe or incorrect facts or improper procedures were used to determine eligibility, assistance amounts, or services provided. The fair hearing procedures follows three steps:

Step 1: Local WHEAP Agency reviews the appeal request and works with the household to try to resolve the issue. If the household is not satisfied with the outcome of the WHEAP Agency's response, a written formal appeal may be submitted to the Division.

Step 2: The Division reviews the formal appeal to ensure compliance with the WHEAP policies, procedures, and applicable statutes. Once DEHCR completes their review, a written appeal decision is sent to the household. If the household is still not satisfied with the outcome of DEHCR's decision, a written formal appeal may be submitted to the Division of Hearings and Appeals (DHA).

Step 3: DHA receives an appeal request and sends an email with a copy of that request, along with a Summary of Action Leading to Appeal form "summary form" and a Request Withdrawal form to the local WHEAP agency contact. The local WHEAP agency completes the summary form and emails it back to DHA.

If the local WHEAP agency is able to resolve the issue with the household, the WHEAP agency indicates that the issue was resolved and explains the actions taken in the Explanation of Action section of the summary form and advises the household to withdraw the appeal.

If the matter has not been resolved between the local WHEAP agency and household, DHA uses the information provided in the summary form to schedule the hearing.

DHA sends a letter to the household notifying them of receipt of the appeal, a letter when the hearing date is sent, and a letter with outcome results.

#### 12.5 When and how are applicants informed of these rights?

Applicants are provided these rights upon application through signing a Certification Page and via the People Letter that is sent to the customers directly.

# Section 13 - Reduction of home energy needs, 2605(b)(16) - Assurance 16

U.S. Department of Health and Human Services	August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01
Administration for Children and Families	OMB Clearance No.: 0970-0075

Expiration Date: 02/28/2027

# LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN Section 13 – Reduction of Home Energy Needs

Section 13: Reduction of Home Energy Needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

The State of Wisconsin may, through contract with local LIHEAP providers and/or under contract with the Wisconsin Community Action Program and/or through arrangements with other service providers, engage in the following activities:

- 1. Budget counseling, energy conservation training, , advocacy with fuel suppliers, household energy assessments and referrals.
- 2. Support for services provided by leveraged funds. These services will include those provided under regular crisis assistance, but only when non-federal funds are used toward copayments, etc.
- 3. Intensive case management targeted to households selected from those as "high heating costs compared to household income" and "high heating costs for dwelling type".

4.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

Wisconsin does not utilize funds under Assurance 16. The State of Wisconsin conducts similar activities that are reported via the Outreach and Crisis Assistance components of the program.

**13.3** Describe the impact of such activities on the number of households served in the previous federal Fiscal Year? Impact can be measured in many different ways: using logic models, data tracking systems, process evaluation, impact evaluation, number of households served versus applied, and performance management for example.

13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year.

13.5 How many households received these services?

# LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN Section 16 – Performance Goals and Measures

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal Fiscal Year.

The State of Wisconsin has implemented the required LIHEAP Performance Measures into our web-based application intake system, as well as the paper application process. Every applicant provides a response to the performance measures questions and that information is retained and made available for reporting purposes. All required data elements will be reported by the annual deadline.

Wisconsin is an active member of the PMIWG where at least twice per month related discussions occur with other states and APPRISE. Wisconsin reviews Performance Measures to ensure no outliers exist that may prompt a need to adjust policy, processes, and data collection.

house	nold members. Select all that apply
	Describe what methods are used to verify the authenticity of identification documents
	provided by clients or household members. Select all that apply
	Verify SSNs with Social Security Administration
	Match SSNs with death records from Social Security Administration or state agency
$\square$	Match SSNs with state eligibility/case management system (e.g., SNAP, TANF)
	Match with state Department of Labor system
	Match with state and/or federal corrections system
	Match with state child support system
	Verification using private software (e.g., The Work Number)
	In-person certification by staff (for tribal grant recipients only)
	Match SSN/Tribal ID number with tribal database or enrollment records (for tribal grant
	recipients only)
	Other - Describe:
	itizenship or Legal Residency Verification
	are your procedures for ensuring that household members are U.S. citizens or qualified
	tizens who are qualified to receive LIHEAP benefits? Select all that apply. Clients sign an attestation of citizenship or U.S. citizen or qualified non-citizen.
	Client's submission of Social Security cards is accepted as proof of U.S. citizen or qualified non-citizen.
	Non-citizens must provide documentation of immigration status.
	Citizens must provide a copy of their birth certificate, naturalization papers, or passport.
	Non-citizens are verified through the SAVE system.
	Tribal members are verified through Tribal enrollment records/Tribal ID card.
	Other - Describe:
17.5. I	ncome Verification
	nethods does your agency utilize to verify household income? Select all that apply.
X	Require documentation of income for all adult household members
X	Pay stubs
X	Social Security award letters
X	Bank statements
X	Tax statements
$\boxtimes$	Zero income statements
	Unemployment Insurance letters
	Other - Describe:
X	Computer data matches:
X	Income information matched against state computer system (e.g., SNAP, TANF)
	Proof of unemployment benefits verified with state Department of Labor
	Social Security income verified with SSA
	Utilize state directory of new hires
	Other - Describe: Local agencies have access to verify social security income through other State
$\boxtimes$	Departments' eligibility/management system.

17.6. F	Protection of Privacy and Confidentiality
	be the financial and operating controls in place to protect client information against
impro	per use or disclosure. Select all that apply.
$\boxtimes$	Policy in place prohibiting release of information without written consent
$\boxtimes$	Grant recipient LIHEAP database includes privacy/confidentiality safeguards.
X	Employee training on confidentiality for:
X	Grant recipient employees
X	Local agencies/district offices
X	Employees must sign confidentiality agreement
X	Grant recipient employees
X	Local agencies/district offices
X	Physical files are stored in a secure location.
$\boxtimes$	Electronic files are protected in a secure location.
	Other - Describe:
17.7. \	/erifying the Authenticity
What	policies are in place for verifying vendor authenticity? Select all that apply.
$\times$	All vendors must register with the state/tribe.
X	All vendors must supply a valid SSN or TIN/W-9 form.
$\boxtimes$	Vendors are verified through energy bills provided by the household.
	Grant recipient and/or local agencies/district offices perform physical monitoring of
	vendors.
	Other - Describe and note any exceptions to policies above:
17.8.6	Benefits Policy - Gas and Electric Utilities
	policies are in place to protect against fraud when making benefit payments to gas and
electri	c utilities on behalf of clients? Select all that apply.
	Applicants required to submit proof of physical residency.
	Applicants must submit current utility bill.
X	Data exchange with utilities that verifies:
X	Account ownership
$\mathbf{X}$	Consumption
$\mathbf{X}$	Balances
$\mathbf{X}$	Payment history
	Account is properly credited with benefit
$\mathbf{X}$	Other - Describe: If account is active.
$\mathbf{X}$	Centralized computer system/database tracks payments to all utilities.
$\mathbf{X}$	Centralized computer system automatically generates benefit level.
	Separation of duties between intake and payment approval.
	Payments coordinated among other energy assistance programs to avoid duplication of
	payments.
	Payments to utilities and invoices from utilities are reviewed for accuracy.
$\mathbf{X}$	Computer databases are periodically reviewed to verify accuracy and timeliness of
	payments made to utilities.
$\boxtimes$	Direct payment to households are made in limited cases only.
$\boxtimes$	Procedures are in place to require prompt refunds from utilities in cases of account closure.
	Vendor agreements specify requirements selected above and provide enforcement
$\boxtimes$	mechanism.
	Other - Describe: The State of Wisconsin conducts program vendor monitoring in which a review of
$\boxtimes$	payments is conducted.

L7.10. I Describ any san apply.	nvestigations and Prosecutions e the Grant recipient's procedures for investigating and prosecuting reports of fraud, and actions placed on clients, staff, or vendors found to have committed fraud. Select all that Refer to state Inspector General.
Describ any san apply.	e the Grant recipient's procedures for investigating and prosecuting reports of fraud, and actions placed on clients, staff, or vendors found to have committed fraud. Select all that Refer to state Inspector General.
any san apply.	Refer to state Inspector General.
$\boxtimes$	Refer to local prosecutor or state Attorney General.
	Refer to U.S. DHHS Inspector General (including referral to OIG hotline).
	Local agencies/district offices or Grant recipient conduct investigation of fraud complaints from public.
	Grant recipient attempts collection of improper payments. If so, describe the recoupment process. Regular heat benefits canceled during the heating season, and cancelled crisis benefits where "Vendor" is selected in the HE+ System as responsible for paying back will be recouped by the HE+ System through subsequent Regular and crisis heat or PB payments. When "Client" is selected in the HE+ System as responsible for paying back benefits, or when the customer still owes benefits when a single party payment is corrected, the HE+ System recoups repayments owed when subsequent benefits are determined. When this is not feasible, local agencies shall execute a Repayment Agreement and provide it to the customer for signature.
	Clients found to have committed fraud are banned from LIHEAP assistance. For how long is a household banned?
$\boxtimes$	Contracts with local agencies require that employees found to have committed fraud are reprimanded and/or terminated.
$\boxtimes$	Vendors found to have committed fraud may no longer participate in LIHEAP.
	Other - Describe:
