**LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN
Section 1 – Program Components**

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low-Income Home Energy Assistance Program (LIHEAP) grant. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering, and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Categorical Eligibility, 2605(b)(2)(A) - Assurance 2, 2605(c)(1)(A), 2605(b)(8A) - Assurance 8

1.4 Do you consider households categorically eligible if at least one household member receives at least one of the following categories of benefits in the left column below?

<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
--------------------------	-----	-------------------------------------	----

If you answered "Yes" to question 1.4, you must complete the table below and answer questions 1.5 and 1.6.

	Heating		Cooling		Crisis		Weatherization	
TANF	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> Yes	<input type="checkbox"/> No

1.4 a. Provide your definition of categorical eligibility. Please explain how households are categorically eligible (i.e., do all household members need to receive the benefits or just one member, is there a data exchange in place?) and how categorical eligibility streamlines the LIHEAP application process.

Categorical eligibility status allows a household to pass the income test if they are above the 60% SMI level. For a household to be determined as categorically eligible, every household member must be a recipient of W-2/TANF, FoodShare, or Supplemental Security Income (SSI) for the month prior to the date of application. W-2 is considered a categorical eligibility criterion only if there is a "cash benefit."

1.5 Do you automatically enroll households without a direct annual application?

Yes No

If Yes, explain: Households whose income in the previous years are only from Social Security, and/or Veterans Benefits, who have active gas and/or electric accounts with one of the investor-owned utilities, and who have the same housing characteristics as the previous year, may be provided with automated WHEAP benefits without being required to submit a new application. The Division applies the Cost of Living Adjustment (COLA) when determining Social Security and/or Veterans Benefits for the upcoming program year. Each applicant is provided with a notification letter which includes the fair hearing rights.

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

All households at or below 60% of the state median income are eligible for benefits calculated in the same manner, regardless of whether there is a household member who receives categorical assistance or not. Households entirely composed of persons receiving Supplemental Security Income (SSI), TANF, or Food Stamps (SNAP) in the previous month from the date of application are deemed to be income eligible, i.e., the benefit for a categorically eligible household whose income exceeds the guidelines will be calculated using the maximum eligible income level.

SNAP Nominal Payments

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households?

Yes No

If you answered "yes" to question 1.7a, you must provide a response to questions 1.7b, 1.7c and 1.7d.

Older adults?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/> No
If yes, describe:			
<p>Priority in eligibility to elderly, disabled and households with young children, please see section. 8.2.3</p> <p>Outreach</p> <ol style="list-style-type: none"> 1) Agencies are required to provide outreach services to maximize participation of eligible persons for WHEAP benefits. Outreach activities must target households with disabled persons, elderly persons, children under six years old, and persons working at low-wage jobs (working poor). The “outreach indicator” is a question on the paper and system application. See Section 3.4.4 for more information about the outreach indicator. 2) Agencies are required to prominently display the Home Energy Plus Weatherization/WHEAP Co-Branding Poster in the agency’s main waiting area for WHEAP intake. WHEAP agencies are encouraged to also consider displaying the poster in intake workers’ offices, outreach locations, and other appropriate areas. Agencies may choose to develop and display their own WHEAP posters provided they contact the HE+ logo and the county/tribe specific Co-Branding logo. 3) Agencies are encouraged to play the Home Energy Plus Weatherization/WHEAP video(s)* in agencies’ main customer service waiting areas. Agencies shall make the Home Energy Plus video(s) accessible via electronic media such as Facebook, Twitter and/or the agency website, if feasible. 4) Agencies shall reference and provide the Online Application link (energybenefit.wi.gov) via electronic media such as Facebook, Twitter, and/or the agency website, if feasible. 5) Agencies are required to ensure that persons with limited English proficiency (LEP) have meaningful and equal access to benefits and services. The agency is required to provide spoken interpretation in addition to translated written publications as some individuals may not read English or other language. The agency must have a mechanism to communicate orally with people with LEP. Providing the Spanish version of the Home Energy Plus (HE+) Application is not fulfilling this policy requirement. If the applicant requires spoken communication and/or explanation in addition to the translated application, agencies shall ensure verbal interpretation is available. 6) Agencies are required to provide services to the disabled and impaired, including but not limited to assisting applicants with the completion of the application form, translation of material, interpretation services for deaf, and reading services for blind. 7) Agencies must establish HE+ application sites that are accessible to targeted households and process submitted Online Applications within a reasonable time. 8) Agencies must comply with Federal Law and provide an alternate intake site separate from a site which administers W-2/TANF. All agencies are compliant due to the implementation of Online Applications. 9) Agencies must provide assistance with the preparation and submittal of applications by persons who are homebound. 10) Agencies must arrange an early application period for persons in targeted groups and high-risk households. 11) Agencies are required to complete a Program Operations and Community Service Plan (POCS) Plan. The Division provided template is available on the HE+ Training & Technical Assistance website under WHEAP>Forms. Each agency is required to review their current Plan and update the date reviewed section on the Plan before the start of each program year. The goal of this plan is to provide agencies with a means to describe how the agency will conduct outreach, how they will identify and enroll eligible households in their communities and explain how the agency will reach targeted households. The POCS Plan should indicate what other community resources/stakeholders play a role in this outreach effort and identify key stakeholders that the agency coordinates efforts/referrals with. In addition, the list should indicate the local agency’s contact person and the resource services provided. The plan must be made available to the Division upon request. 12) Agencies may establish interagency agreements with other low-income program offices to perform some of the outreach activities to targeted groups. <p>*The Home Energy Plus videos are on the Home Energy Plus Training and Technical Website (HE+ TTA) under Administration > HE+ Videos.</p>

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN

Section 4 – Crisis Assistance

Eligibility, 2605(b)(2) - Assurance 2

4.1 Designate the income eligibility threshold used for the cooling component:

Add	Household size	Eligibility Guideline	Eligibility Threshold
	All Household Size	State Median Income	60%

4.2 Provide your LIHEAP program's definition for determining a crisis. If you administer multiple crisis assistance programs (i.e. winter, summer, or year-round), include all program definitions.

Households must have existing/imminent lack of adequate heat in dwelling (emergency), or a risk of a heating emergency (prevention). While there is not a formal asset test, consideration may be given to resources available to the household before prevention assistance is provided. No household is eligible for crisis cooling assistance without a declaration by a local or state public health agency of a heat emergency and authorization is given by the Department of Administration.

A household may receive more than one crisis assistance payment.

Determination of eligibility for regular heating assistance benefits determines a household's eligibility for Prevention Assistance for the remainder of the program period.

4.3 What constitutes a life-threatening crisis?

To qualify for a potentially life-threatening crisis, the weather and other conditions must create a concern for the urgent safety concern of the household's residents. Determination of a threat to urgent safety concern of an eligible household is based on four factors: expected low temperature, condition of the dwelling unit (habitable, operable furnace, etc.), presence of vulnerable persons (persons with medical need for heat -- elderly, handicapped, children under six, etc.), and alternatives available to the household (place for temporary relocation, etc.). Medical need for heat may be considered in determining the presence of an emergency for vulnerable persons, including households with young children, handicapped and/or elderly persons. The presence of vulnerable persons may affect the amount and type of benefit provided to the household.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48 hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18 hours

The State of Wisconsin requires outreach activities to target households with elderly, disabled or children under six years old and person working at low-wage jobs. Weatherization also targets high energy users, and our statewide computer system automatically refers tribal residents to our weatherization agencies.

Wisconsin's low-income housing stock often needs minor structural or electrical improvements before weatherization work can proceed. Wisconsin allows agencies, at their discretion to utilize a portion of the allowable 15% transfer to the Weatherization Assistance Program to address reasons for deferral so that these units will be appropriate for a weatherization energy audit and the subsequent installation of energy conservation measures. Households may have been deferred previously for weatherization services or are targeted to receive weatherization services within the current WAP year. All households must be determined to be WHEAP eligible at 60% of state median income for program year 2024-2025 prior to the time of work being completed. Reasons for deferral include but are not limited to: Water/Moisture Issues in Basements, Ceiling Repair, and roof sheathing (structural skin of the roof system) and sheathing weather exposure protection, (not a full roof replacement) and/or Electrical Deficiencies.

Allocate funds specifically for the purpose of outreach to households with elderly, disabled, rural poor, and/or households with young children.

An early application period is utilized prior to the heating season. This process includes accepting applications during the summer for the following Federal Fiscal Year from targeted households. Automated Applications are processed during the early application period; agencies may also accept early Online Applications.

Accept applications for energy assistance at sites geographically accessible to all households in the area to be served. This includes setting up LIHEAP application sites for targeted households (contacting targeted persons or their representatives to ascertain convenient times and places, contacting community leaders to locate and serve application sites, providing information on alternate sites to organizations/programs likely to reach targeted persons, contacting targeted persons to arrange application appointments, transportation, etc.).

Provide information directly or by selective mailing to targeted applicants, e.g., assistance in understanding the application form, translation of material, interpretation services for deaf, reading for blind needed to complete their application.

Facilitate access to state weatherization programs targeted to LIHEAP eligible households and other energy-related services e.g., utility early identification and emergency intervention.

Agencies are required to provide outreach services to maximize participation of eligible persons in the Low-Income Home Energy Assistance Program. It is the responsibility of each agency to provide application sites accessible to the eligible population in the county/tribe, with particular attention to overcoming barriers for targeted households. Outreach customer benefits include taking applications, certifying application information, and processing applications at an alternate site.

Wisconsin administers LIHEAP, DOE, Public Benefit weatherization programs and housing programs through the same state office, the Department of Administration, Division of Energy, Housing and Community Resources (DEHCR). LIHEAP is coordinated at the state level with income maintenance programs through agreements and data collection/sharing with the Department of Children and Families (DCF) and Department of Health Services (DHS). DCF operates the Temporary Assistance to Needy Families (TANF), W-2, including the jobs and welfare to work program as well as other assistance programs. DHS operates Medicaid, FoodShare (SNAP), and Aging and Disability Resource Centers.

State of Wisconsin Public Benefits funds are utilized to make non-heating payments to eligible recipients. Public Benefit funds are fully integrated into the Wisconsin Home Energy Assistance Program, WHEAP. LIHEAP funding may be used to sustain non-heating payments to eligible recipients.

Coordination between the state and local level is achieved by including representation from a variety of private and government agencies interested in energy services and/or services for low-income persons on the Low-Income Energy Advisory Committee (LIEAC). Wisconsin also utilizes a workgroup from the Wisconsin Home Energy Assistance Program (WHEAP) agencies to provide input on new policy and system related changes.

WHEAP agencies coordinate their programs with each other, with utility-operated programs and with other government and nonprofit programs operated within their service area. WHEAP Agencies are required to develop a local coordination plan annually to show what is being done to coordinate with weatherization agencies, fuel providers (utility and bulk fuels), and other local groups.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN

Section 9 – Energy Suppliers

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
Cooling	<input type="checkbox"/>	Yes	<input checked="" type="checkbox"/>	No
Crisis	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
Are there exceptions?	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No

If yes, Describe.

For all of the items requiring policy references, please access the Wisconsin Home Energy Assistance Program (WHEAP) Manual at: <https://energyandhousing.wi.gov/Pages/AgencyResources/energy-assistance.aspx> and access the following sections:

1. Heating, please see sections 1.3.1, 7.1, 7.2, and 7.8
2. Crisis, please see sections 1.1.2, 4.2.1, and 7.2
3. Exceptions, please see sections 7.1, 7.3, and 7.4

9.2 How do you notify the client of the amount of assistance paid?

At the time the LIHEAP payment is sent to the vendor, a payment notification is generated and sent to the customer, indicating the amount of the payment and the vendor to whom the payment was made. When applications are completed interactively, customers are informed at the conclusion of the interview the benefit amount that will be paid to their energy provider. Additionally, each Wednesday, the Wisconsin system processes all completed applications and the system mails customer notification letters.

Households receiving weatherization and/or energy related repairs receive a written work agreement of work to be performed.

9.3 How do you assure that the home energy supplier will charge the eligible household in the normal billing process, the difference between the actual cost of the home energy, and the amount of the payment?

The Department of Administration requires vendors to register for participation in the heating assistance program by completing and signing a Vendor Agreement/Contract. To register, fuel suppliers agree that clients will be: treated equally with non-LIHEAP households, not be adversely affected, e.g., the eligible household will be charged in the supplier's normal billing process, the price charged will be the price normally charged non-LIHEAP eligible households, invoices will clearly indicate the amount and cost of home energy provided, and no discrimination will occur against eligible households with respect to terms, deferred payment plans, credit, conditions of sales or discounts offered other home energy customers.

In addition, Vendor Desktop Monitoring is conducted which includes a review of LIHEAP payments and fuel provided, in comparison with non-LIHEAP customers.

Crisis assistance payments are only made to vendors registered for heating assistance. In addition to signing assurances guaranteeing that LIHEAP customers will be treated equally with non-LIHEAP households and will not be adversely affected, registered vendors are required to provide information on costs and procedures for emergency fuel delivery.

Energy related home repair and weatherization purchases made by LIHEAP weatherization providers follow appropriate state or federal procurement guidelines and applicable material standards.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The Department of Administration requires vendors to register for participation in the heating assistance program by completing and signing a Vendor Agreement/Contract. To register, fuel suppliers agree that customers will be: treated equally with non-LIHEAP households, not be adversely affected, e.g., the eligible household will be charged in the supplier's normal billing process, the price charged will be the price normally charged non-LIHEAP eligible households, invoices will clearly indicate the amount and cost of home energy provided, and no discrimination will occur against eligible households with respect to terms, deferred payment plans, credit, conditions of sales or discounts offered other home energy customers.

In addition, Vendor Desktop Monitoring process is conducted which includes a review of LIHEAP payments and fuel provided, in comparison with non-LIHEAP customers.

Crisis assistance payments are only made to vendors registered for heating assistance. In addition to signing assurances guaranteeing that LIHEAP customers will be treated equally with non-LIHEAP households and will not be adversely affected, registered vendors are required to provide information on costs and procedures for emergency fuel delivery.

Energy related home repair and weatherization purchases made by LIHEAP weatherization providers follow appropriate state or federal procurement guidelines and applicable material standards.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No
-------------------------------------	-----	--------------------------	----

If so, describe the measures unregulated vendors may take.

Unregulated vendors are subject to the same program operation policies as regulated vendors. All vendors must register with the Wisconsin Home Energy Assistance Program (WHEAP) by submitting a complete and signed vendor agreement/contract before any payments are made to the vendor. Vendor access to the Home Energy Plus System is limited and does not allow vendors to enter information into the system. Vendor payments are Home Energy Plus System generated and based on approved applications.

Attach a copy of the template statewide vendor agreement or a policy that indicates local agreements must adhere to statewide policies and assurances.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 12 – Fair Hearings

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grant recipient have in the prior federal Fiscal Year? 17

12.2 How many of those fair hearings resulted in the initial decision being reversed? Zero

12.3 Describe any policy or procedural changes made in the last federal Fiscal Year as a result of fair hearings?

12.4 Describe your fair hearing procedures for households whose applications are denied or not acted upon in a timely manner.

Households have 45 days from the date the application process was completed to file a fair hearing if they believe their application was incorrectly denied, the application received no action in the appropriate timeframe or incorrect facts or improper procedures were used to determine eligibility, assistance amounts, or services provided. The fair hearing procedures follows three steps:

Step 1: Local WHEAP Agency reviews the appeal request and works with the household to try to resolve the issue. If the household is not satisfied with the outcome of the WHEAP Agency’s response, a written formal appeal may be submitted to the Division.

Step 2: The Division reviews the formal appeal to ensure compliance with the WHEAP policies, procedures, and applicable statutes. Once DEHCR completes their review, a written appeal decision is sent to the household. If the household is still not satisfied with the outcome of DEHCR’s decision, a written formal appeal may be submitted to the Division of Hearings and Appeals (DHA).

Step 3: DHA receives an appeal request and sends an email with a copy of that request, along with a Summary of Action Leading to Appeal form “summary form” and a Request Withdrawal form to the local WHEAP agency contact. The local WHEAP agency completes the summary form and emails it back to DHA.

If the local WHEAP agency is able to resolve the issue with the household, the WHEAP agency indicates that the issue was resolved and explains the actions taken in the Explanation of Action section of the summary form and advises the household to withdraw the appeal.

If the matter has not been resolved between the local WHEAP agency and household, DHA uses the information provided in the summary form to schedule the hearing.

DHA sends a letter to the household notifying them of receipt of the appeal, a letter when the hearing date is sent, and a letter with outcome results.

12.5 When and how are applicants informed of these rights?

Applicants are provided these rights upon application through signing a Certification Page and via the Denial Letter.
